Regulatory Fees	
"Section 31" Fee	\$0.0000207 per \$1.00 of transaction
	proceeds
	Applies to certain sell transactions,
	assessed at a rate consistent with
	Section 31 of the Securities Exchange
	Act of 1934. TD Ameritrade remits
	these fees to certain self-regulatory
	organizations and national securities
	exchanges, which in turn make
	payment to the SEC. These fees are
	intended to cover the costs incurred
	by the government, including the SEC,
	for supervising and regulating the
	securities markets and securities
	professionals. The rate is subject to
	annual and mid-year adjustments
	which may not be immediately known
	to TD Ameritrade; as a result, the fee
	assessed may differ from or exceed
	the actual amount of the fee
	applicable to your transaction. Any
	excess may be retained by TD
	Ameritrade. Fees are rounded to the
	nearest penny.
Options Regulatory Fee	\$0.0169 per options contract
	Fee varies by options exchange, where
	an options trade executes, and
	whether the broker responsible for
	the trade is a member of a particular
	exchange. As a result, TD Ameritrade
	calculates a blended rate that equals
	or slightly exceeds the amount it is
	required to remit to the options
	exchanges.
Trading Activity Fee	\$0.000119 per equity share
	\$0.002 per options contract
	\$0.00075 per bond
	\$0.00000075 x value per asset-backed
	security trade This fee is asses at a rate consistent
	with Section 1 of Schedule A of
	FINRA's By-Laws for trading activity.
	Fees are rounded to the nearest
	penny.
